October 2014

To whom it may concern,

William Ford C of E Junior School has had the privilege of working with Bethel Church for many years and it's something we truly cherish. The children's Pastor and team have led many exciting, high energy and thoroughly prepared assemblies that capture the children's interest, making it fun whilst conveying a clear message. The team are a pleasure to work with, passionate about serving the local community and inspire the children in every way. Organisation and management are excellent and everybody loves the vibrant atmosphere created.

A youth team has also worked with our Year 6 students, running a transition workshop which gives sensible, practical advice to build positive attitudes when they move on to secondary education. These workshops are a very valuable resource and give the children confidence and reassurance.

I can thoroughly recommend inviting Bethel Church into your school; they always ensure that everything is done exceptionally well and the children benefit hugely.

Yours faithfully,

Mrs. F. Goodwin
Acting Headteacher
